What a beauty of a tourer now in at Ennis :) this luxury model, built by Coachman Caravans is perfect for use as a 2 Berth or as maybe a 2 + 2 for those occasional visits by friends or grandchildren, as it has quite long front seating (making into a double bed if needed) large kitchen and prep area, two long and wide fixed beds, and a end washroom with separate shower enclosure. Very well looked after and a must see! The Coachman comes with a NCC Approved
